INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
San Diego – Imperial Counties
Developmental Services, Inc.

Report on the Financial Statements

We have audited the accompanying consolidated financial statements of San Diego – Imperial Counties Developmental Services, Inc., a California nonprofit corporation, which comprise the consolidated statements of financial position as of June 30, 2013 and 2012, and the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of San Diego – Imperial Counties Developmental Services, Inc. as of June 30, 2013 and 2012, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

The accompanying schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. The accompanying consolidating statement of financial position and consolidating statement of activities are also presented for the purposes of additional analysis and are not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 3, 2013, on our consideration of San Diego – Imperial Counties Developmental Services Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering San Diego – Imperial Counties Developmental Services Inc.'s internal control over financial reporting and compliance.

NOTE 1 – Summary of Significant Accounting Policies

Basis of Presentation

San Diego – Imperial Counties Developmental Services, Inc. (SDICDSI) is a nonprofit public benefit corporation, the primary purpose of which is to contract with the State of California Department of Developmental Services (DDS) and other governmental agencies to operate a regional center for persons with developmental disabilities and their families. The regional center was organized in accordance with the provisions of the Lanterman Developmental Disabilities Services Act (the Act) of the Welfare and Institutions Code of the State of California. Contracts with the state and other agencies are generally renewed on an annual basis and provide a limit on expenditures and the respective contract funding. The period of expenditure reimbursement may, in some cases, extend beyond one year. Required services provided include outreach, diagnosis, assessment, counseling, prevention services, public information and education, and advocacy to persons with developmental disabilities and their families residing in San Diego and Imperial Counties.

The Act includes governance provisions regarding the composition of the regional center's board of directors. The Act states that the board shall be comprised of individuals with demonstrated interest in, or knowledge of, developmental disabilities, and other relevant characteristics, and requires that a minimum of 50% of the governing board be persons with developmental disabilities or their parents or legal guardians; and that no less than 25% of the members of the governing board shall be persons with developmental disabilities. In addition, a member of a required advisory committee, composed of persons representing the various categories of providers from which the regional center purchases client services, shall serve as a member of the regional center board. To comply with the Act, SDICDSI's board of directors includes persons with developmental disabilities, or their parents or legal guardians, who receive services from the regional center and a client service provider of the regional center.

The regional center contract between SDICDSI and the DDS stipulates that funded expenditures are not to exceed $258,257,569 and $251,957,446 for the 2012-2013 and 2011-2012 contract years, respectively. Actual net expenditures under the regional center contract for the 2012-2013 and 2011-2012 contracts was $265,843,043 and $251,904,419, respectively, as of June 30, 2013.

NOTE 1 – Summary of Significant Accounting Policies (Continued)

Basis of Presentation (Continued)

As discussed above, SDICDSI operates under contracts with the DDS. Contract revenue is funded on a cost reimbursement basis. The net deficits reported as of June 30, 2013 and 2012 on the statements of financial position are primarily the result of SDICDSI's defined benefit pension plan. As further discussed in Note 9, an accounting standard required SDICDSI to recognize as a charge to net assets the actuarial losses and prior service cost which had not yet been recognized as components of periodic benefit costs. For purposes of reporting periodic benefit costs, the unrecognized actuarial losses and prior service costs will continue to be amortized into plan expenses over future years. Periodic benefit costs under the defined benefit pension plan are reimbursed under the DDS contract as SDICDSI funds the plan. Although SDICDSI expects that the plan costs will ultimately be funded over future years, plan funding will depend on continued funding by the DDS.

Principles of Consolidation

The accompanying consolidated financial statements include the accounts of SDICDSI and the San Diego – Imperial Counties Developmental Services Foundation (the Foundation) hereafter referred to as, collectively, the Organization. Intercompany transactions and accounts are eliminated in the accompanying consolidated financial statements.

The Foundation is a separately incorporated, nonprofit organization in which SDICDSI is the sole member and elects the Chair and Board members. The Foundation was organized to provide fund-raising and other services to benefit children and adults with developmental disabilities residing in San Diego and Imperial Counties.

Financial Statement Presentation

The Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted, temporarily restricted, and permanently restricted. As of June 30, 2013 and 2012, the Organization had no temporarily or permanently restricted net assets.

Contributions

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence and nature of any donor-imposed restrictions.

NOTE 1 – Summary of Significant Accounting Policies (Continued)

Use of Estimates and Assumptions

Management uses estimates and assumptions in preparing consolidated financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported support, revenues, and expenses. Principal areas requiring the use of estimates include useful lives of property and equipment and defined benefit pension plan assumptions. Actual results could vary from the estimates that were assumed in preparing the consolidated financial statements.

Cash and Cash Equivalents and Concentration of Credit Risk

For purposes of the consolidated statements of cash flows, the Organization considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents.

At June 30, 2013 and throughout the year, the Organization has maintained cash balances with one of its financial institutions in excess of federally insured limits. Given the current economic environment and risks in the banking industry, there is risk that these deposits may not be readily available or covered by insurance.

Contracts Receivable from State and Federal Agencies

Contracts receivable from state and federal agencies and contract support are recorded on the accrual method as related expenses are incurred.

Receivables from Intermediate Care Facility Vendors

The Centers for Medicare and Medicaid Services (CMS) has approved federal financial participation in the funding of the day and transportation services related to the SDICDSI's Intermediate Care Facility (ICF) services. The federal rules allow for only one provider of the ICF service, requiring all the Medicaid funding for the ICF resident to go through the applicable vendors. SDICDSI receives a 1.5% administrative fee based on the funds received to cover the additional workload.

Investments

Investments are recorded at fair market value. Unrealized gains and losses are included in the change in net assets (deficit).

NOTE 1 – Summary of Significant Accounting Policies (Continued)

Property and Equipment

Pursuant to the terms of the DDS contract, SDICDSI equipment purchases become the property of DDS and, accordingly, are charged as expense when incurred. Property and equipment pertaining to the Foundation and corporate funds are stated at cost and depreciated using the straight-line method over their estimated useful lives.

Long-Lived Assets

The Organization reviews long-lived assets whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. The Organization records impairment losses on long-lived assets used in operations when indicators of impairment are present and the undiscounted cash flows estimated to be generated by those assets are less than the assets' carrying amounts. Any long-lived assets held for disposal are reported at the lower of their carrying amounts or fair value less costs to sell.

Leave and Retirement Benefits

SDICDSI has accrued a liability for leave benefits earned and retirement obligations discussed in Note 9. However, such benefits are reimbursed under the DDS contract only when actually paid. SDICDSI has also recorded a receivable from the DDS for the accrued benefits to reflect the future reimbursement of such benefits.

Defined Benefit Pension Plan

The Organization recognizes the funded status of a benefit plan, measured as the difference between plan assets at fair value and the benefit obligation, in the statements of financial position, with an offsetting charge or credit to net assets. Gains or losses and prior service costs or credits that arise during the period but are not recognized as components of net period benefit cost will be recognized each year as a separate charge or credit to net assets (deficit).

Allocation of Expenses

The consolidated statements of functional expenses allocates expenses to the program and supporting service categories based on a direct-cost basis for purchase of services expenses, including salaries and related expenses. Operating expenses are allocated to supporting services, except for travel, which is allocated on a direct-cost basis.

NOTE 1 – Summary of Significant Accounting Policies (Continued)

Income Tax Status

The Organization has received tax-exempt status from the Internal Revenue Service and California Franchise Tax Board under Section 501(c)(3) of the Internal Revenue Code and Section 23701(d) of the Revenue and Taxation Code. Tax-exempt status is generally granted to nonprofit entities organized for charitable or mutual benefit purposes.

The Organization recognizes the financial statement benefit of tax positions, such as its filing status as tax-exempt, only after determining that the relevant tax authority would more likely than not sustain the position following an audit. The Organization is subject to potential income tax audits on open tax years by any taxing jurisdiction in which it operates. The statute of limitations for federal and California state purposes is generally three and four years, respectively.

Subsequent Events

The Organization's management has evaluated subsequent events from the consolidated statements of financial position date through December 3, 2013, the date at which the consolidated financial statements were available to be issued for the year ended June 30, 2013, and determined there are no other items to disclose.

NOTE 2 – Cash-Client Trust Funds

SDICDSI functions as custodian for receipt of certain governmental payments and resulting disbursements made on behalf of regional center clients. The cash balances are segregated from the operating cash accounts of SDICDSI and are restricted for client support. The following is a summary of the client trust operating cash activity:

	For the Fiscal Year Ended June 30,

NOTE 5 – Investments

The Organization accounts for investments at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Accounting standards have established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Organization has the ability to access at the measurement date.
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 inputs are unobservable inputs for the asset or liability.

The level in the fair value hierarchy within which a fair measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

NOTE 5 – Investments (Continued)

The following table sets forth by level, within the fair value hierarchy, investment assets at fair value:

At June 30, 2013, SDICDSI had a revolving line of credit agreement with a bank, which expired October 15, 2013, whereby it could borrow up to $39,900,000. Borrowings were secured by substantially all assets of SDICDSI with interest payable monthly at an interest rate of 3.25% at June 30, 2013. As of June 30, 2013, the balance outstanding totaled $6,000,000. There were no amounts outstanding at June 30, 2012.

NOTE 8 – Bonds Payable

In September 2002, the Foundation issued $10,750,000 Certificates of Participation Series 2002 bonds (the Certificates) through the County of San Diego. The bonds are secured by a deed of trust with assignment of rents and fixture filing. The proceeds received from the sale of the Certificates were used by the Foundation to purchase the main office building and related capital improvements, to fund a reserve and project fund for the Certificates, and to pay certain delivery costs of the Certificates. The Foundation incurred bond issuance costs in the amount of $492,898, included in sundry receivables, prepaids and other assets, which are amortized under the interest method over the life of the related bonds payable. Total accumulated amortization as of June 30, 2013 and 2012 was $217,947 and $197,829, respectively.

The Certificates' interest rates and maturity dates are:

NOTE 9 – Defined Benefit Pension Plan

Effective July 1, 2004, SDICDSI adopted a defined benefit pension plan to provide retirement benefits for all employees. The benefits under the plan are funded in accordance with the insurance company contracts. SDICDSI is required to contribute an amount to the plan, after employee contributions to the retirement plan of 6.2%, which is necessary to purchase the contracts that will fund the retirement benefits.

The following table sets forth the plan's funded status:

The Organization has accrued a receivable from the DDS for the balance of the accrued benefit obligation of $19,087,712 and $14,640,737 as of June 30, 2013 and 2012, respectively, representing the portion of the accrued benefit obligation which has been recognized as plan expense.

The investment objective of the plan is to provide a rate of return commensurate with a moderate degree of risk of loss of principal and return volatility. The pension plan assets are invested in a Group Annuity Contract through Minnesota Life Insurance Company. Investment responsibility for the assets is assigned to an Investment Policy Committee of the board of directors of SDICDSI. The assets of the plan are periodically rebalanced to remain within the desired target allocations.

Historical rates of return for individual asset classes and future estimated returns are used to develop expected rates of return. These rates of return are applied to the plan's investment policy to determine a range of expected returns.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of June 30, 2013:

NOTE 10 – Commitments and Contingencies

Leases – As Lessee and Related Party Transactions

SDICDSI leases facilities and certain equipment under operating leases expiring in various years through 2027. These leases, which may be renewed for periods up to five years, generally require the lessee to pay all maintenance, insurance, and property taxes and contain a termination clause in the event the annual contract between the DDS and SDICDSI is not renewed. Several leases are subject to periodic adjustment based on price indices or cost increases.

Rental expense for facilities and equipment for the years ended June 30, 2013 and 2012 was approximately $3,233,000 and $2,989,000, respectively. SDICDSI is leasing its main office from the Foundation. The Foundation received approximately $1,807,000 of rental income and common area and utility expense reimbursements from SDICDSI, which was eliminated upon consolidation against the total building rental expense of SDICDSI of approximately $3,233,000 for the year ended June 30, 2013. The Foundation received approximately $1,671,000 of rental income and common area and utility expense reimbursements from SDICDSI, which was eliminated upon consolidation against the total building rental expense of SDICDSI of approximately $2,989,000 for the year ended June 30, 2012.

NOTE 10 – Commitments and Contingencies (Continued)

Agreement with Insurance Company

SDICDSI had entered into an agreement with an insurance company that requires an irrevocable standby letter of credit for workers' compensation insurance. SDICDSI will pay or reimburse the insurance company for all premiums, administrative expenses, and claims incurred through March 1, 2006 up to a retained limit of $250,000 per incident. This agreement required SDICDSI to establish, in favor of the insurance company, an irrevocable standby letter of credit for $200,000 as security for the agreement. Effective March 1, 2006, SDICDSI changed its workers' compensation carrier and acquired non-participating coverage. The standby letter of credit of $200,000 related to the prior policy is being maintained as security for any potential prior policy claims.

Contingencies

In accordance with the terms of the DDS contract, an audit may be performed by an authorized state representative. Should such audit disclose any unallowable costs, SDICDSI may be liable to the state for reimbursement of such costs. In the opinion of the SDICDSI's management, the effect of any disallowed costs would be immaterial to the consolidated financial statements at June 30, 2013, and for the year then ended.

SDICDSI is dependent on continued funding provided by the DDS to operate and provide services for its clients. SDICDSI's contract with DDS provides funding for services under the Lanterman Act. In the event that the operations of SDICDSI result in a deficit position at the end of any contract year, which has occurred for the 2012/2013 contract year, DDS may reallocate surplus funds within the state of California system to supplement SDICDSI's funding. Should a system-wide deficit occur, DDS is required to report to the Governor of California and the appropriate fiscal committee of the State Legislature and recommend actions to secure additional funds or reduce expenditures. DDS's recommendations are subsequently reviewed by the Governor and the Legislature and a decision is made with regard to specific actions, including the possible suspension of the entitlement.

SDICDSI has elected to self-insure its unemployment insurance. SDICDSI is required to reimburse the state of California for benefits paid to its former employees. In addition, SDICDSI has elected to self-insure a portion of its employee benefits based on actual costs of dental services performed.

NOTE 10 – Commitments and Contingencies (Continued)

Contingencies (Continued)

SDICDSI is involved in various claims and lawsuits arising in the normal conduct of its operations. SDICDSI management believes it has adequate defenses and insurance coverage for these actions and, thus, has made no provision in the consolidated financial statements for any costs relating to the settlement of such claims.

NOTE 11 – Supplemental Disclosure of Cash Flow Information

Interest expense paid during the years ended June 30, 2013 and 2012 was $480,001 and $470,634, respectively.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors of
San Diego- Imperial Counties
Developmental Services, Inc.

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the consolidated financial statements of San Diego – Imperial Counties Developmental Services, Inc. (a California nonprofit corporation), which comprise the consolidated statement of financial position as of June 30, 2013, and the related consolidated statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the consolidated financial statements, and have issued our report thereon dated December 3, 2013.

Internal Control over Financial Reporting

In planning and performing our audit of the consolidated financial statements, we considered San Diego – Imperial Counties Developmental Services, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of San Diego – Imperial Counties Developmental Services, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's consolidated financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether San Diego – Imperial Counties Developmental Services, Inc.'s consolidated financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of consolidated financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Developmental Services, Inc.

Report on Compliance for Each Major Federal Program

We have audited San Diego – Imperial Counties Developmental Services, Inc.'s compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of San Diego – Imperial Counties Developmental Services Inc.'s major federal programs for the year ended June 30, 2013. San Diego – Imperial Counties Developmental Services, Inc.'s major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of San Diego – Imperial Counties Developmental Services, Inc.'s major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about San Diego – Imperial Counties Developmental Services, Inc.'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of San Diego – Imperial Counties Developmental Services, Inc.'s compliance.

Opinion on Each Major Federal Program

In our opinion, San Diego – Imperial Counties Developmental Services, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2013.

Report on Internal Control over Compliance

Management of San Diego – Imperial Counties Developmental Services, Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered San Diego – Imperial Counties Developmental Services, Inc.'s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of San Diego – Imperial Counties Developmental Services, Inc.'s internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.
